

**Illinois Central College – Associate of Applied Science – Graphic Design
or Associate in Arts & Science – Graphic Design
to Robert Morris College – Bachelor of Applied Science in Graphic Design**

Students completing the Graphic Design program at Illinois Central College and receiving either the Associate in Applied Science Degree or the Associate in Arts & Science Degree are eligible to enroll in the Graphic Design Program at Robert Morris College to complete their Bachelor of Applied Science in Graphic Design Degree. Students will make a smooth transition with all credits from their Associate Degree being accepted in their entirety.

In addition to the Graphic Design Associate degree requirements at Illinois Central College, the following course is recommended for transfer:

- ❖ Applied Science students should take GRART 245 – Images and Web Pages
- ❖ Arts & Science students should take GRDSN 141 – Introduction to Illustration

Students completing both the AAS degree requirements AND the recommended additional coursework can complete their bachelors degree at Robert Morris College in as little as 15 months.
